

ACADEMIC PROGRAM

THURSDAY 5th JULY (AUDITORIUM ROBERTO MENDIOLA ORTA)

I SESSION

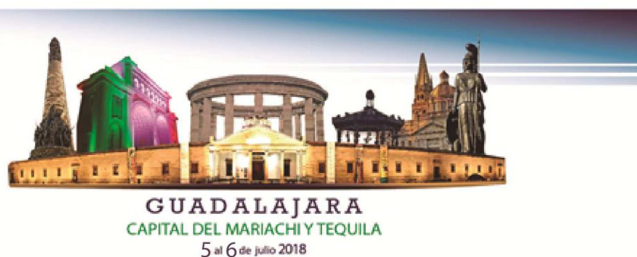

President: Dr. Leonel García Benavides
Secretary: Dr. Miguel Ángel Macías Islas

08:30-09:00	Pedro Forcada MD (Argentina) "ARTERY LATAM face to the future"
09:00-09.20	Enrique Melgarejo MD (Colombia) The new concept:"From Vasculature to Tissues" (Damage from Macro to Micro)
09:20:09:40	Julio Chirinos MD (P) (Peru): Endothelium: Normality and Dysfunction
09:40-10:00	José Z. Parra Carrillo MD (Mexico) Impact of BP variability on Target Organ Damage.
10:00-10.30	OPENING CEREMONY (Dean of CUCS Guadalajara University and Presidents of ARTERY, Artery LATAM, North American Artery, LASH, and Cardiology College of Jalisco)
10:30-11:30	CONFERENCE Kennedy Cruickshank MD (United Kingdom) Perspectives on BP measurement and Vascular Parameters.
11:30-12:30	TECHNOLOGY EXPO AND ORAL PRESENTATIONS

II SESSION

President: Dr. Francisco Javier León Hernández
Secretary: Dr. Jonathan Samuel Chávez Iñiguez

12:30-12:50	David Cardona Müller MD (México) Detection of Subclinical Target Organ Damage in CV Risk Stratification.
12.50-13:10	José Boggia MD (Uruguay) Use of Central BP and Arterial Stiffness in Kidney Disease.
13:10-13:40	Michael E. Wasung de Lay MD (Mexico) Non Invasive Haemodynamics in ESRD patients in Chronic Hemodialysis.
13:40-14:40	STENDHAL SIMPOSIUM Héctor Eduardo Plascencia Flores (México) Impact of Pharmacodynamics and Pharmacokinetics of Antihypertensive Drugs on BP control and treatment adherence.
14:40-15:30	LUNCH AND TECHNOLOGY EXPO

ACADEMIC PROGRAM

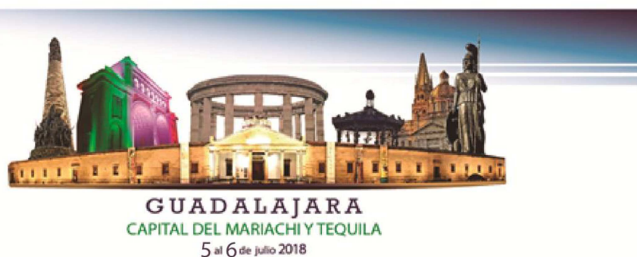

III SESSION

President: Dr. Rodolfo Parra Michel

Secretary: Dr. Agustín Macías Chumacera

15:30-16:00	Pedro Forcada MD (Argentina) Vascular Mechanics in the Metabolic Syndrome.
16:00-16:30	Eduardo Barbosa MD (Brazil) Breathing during Exercise ¿What is the BP response?.
16:30-17:00	Weimar Sebba Barroso MD (Brazil) Relationship between Pulse Wave Velocity and Vascular Markers of Damage.
17:40-17:00	Jose Vilela MD (Brazil) Arterial Stiffness Parameters in Prehypertensive patients.
17:00-17:40	Marco Mota MD (Brazil) ABPM and 24 hr Central BP ¿What have we learned?
17:40-18:00	Ernesto G. Cardona Muñoz MD (México) ACC/AHA Hypertension Guidelines. ¿Are They Applicable in the Real World?

OMRON Workshop from 14:40 a 17:40 in “Laboratorio 4” – “Ciencias Fisiológicas”
Building “O” First Stage

ACADEMIC PROGRAM

FRIDAY 6th JULY (AUDITORIUM ROBERTO MENDIOLA ORTA)

MODULO IV

Presidente: Dr. Ramón Esturao Santaló

Secretario: Dr. Jesús Alonso Sánchez

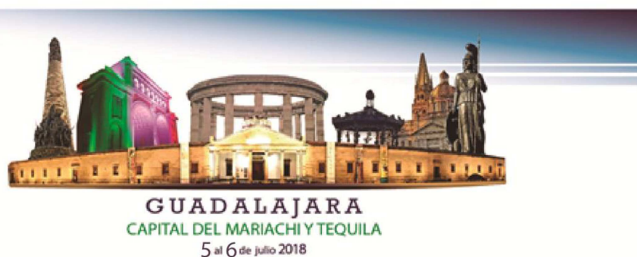

08:30-08:50	Fernando Grover Páez MD(México) Central Haemodynamics in Obese Patients.
08:50-9:10	Pedro Gutiérrez Fajardo MD (México) Left Ventricle Diastolic Function in Hypertension and Vascular Damage.
09:10-09:30	Carlos Gerardo Ramos Becerra MD (México) Central Haemodynamics in Patients with Rheumatic Diseases.
09:30-09:50	José Boggia MD (Uruguay) Usefulness of Ambulatory Central BP in Chronic Kidney Disease Patients.*
09:50-10:30	CONFERENCE Daniel Siniawski MD (Argentina) Impact of Dyslipemias on Vascular Function and CV Events. Benefits of intensive reduction of LDL Cholesterol. .
10:30-11:30	CONFERENCE Pedro Miguel Guimaraez Marquez Cunha MD (Portugal) Arterial Stiffness in Early Stages of Prehypertension.
11:30-12:30	TECHNOLOGY EXPO AND ORAL PRESENTATIONS

MODULO V

President: Dr. Luis Alcocer Diaz Barreiro

Secretary: Dra. Sara Pascoe González

12:30-13:30	CONFERENCE Julio A. Chirinos MD (USA) Role of Vascular Tree in Heart Failure with Preserved Ejection Fraction.
13:30-14:00	CONFERENCE Humberto Álvarez López MD New Evidences in Secondary Prevention to Reduce Cardiovascular Risk
14:00-14:30	Dr. Ernesto Cardona (México) Resultados preliminares del Registro Multicéntrico y Multinacional "VASOTENS"
15:30-15:20	LUNCH AND TECHNOLOGY EXPO

ACADEMIC PROGRAM

MODULO VI

Presidente: Dr. Héctor Galván Ocegüera

Secretario: Dr. Ernesto Javier Ramírez Lizardo

15:20-15:40	Daniel Villavicencio MD (Ecuador): Non Invasive Haemodynamics in Pre –Eclamptic Patients
15:40-16:00	Josefina Medina MD (Peru): High Altitude Medicine and CV Mechanics: “Prevención” and “Intervencion” Studies
16:00-16:20	Pedro Guimaraez Marquez Cunha MD (Portugal): Neuroprotection and CV Mechanics*
16:20-16:40	Daniel Bia MD (Uruguay): CUIIDARTE Project *
16:40-17:00	Ernesto Peñaherrera MD(Ecuador): Atahualpa Project. Vascular Health Care*
17:00-18:00	ASSEMBLY NEXT ARTERY LATAM VENUE AND NEW AUTHORITIES ELECTION
18:00-18:30	CLOSING CEREMONY – PRIZE AND CERTIFICATES

Conferences marked with (*) are to be confirmed or reviewed
